BioClin Solutions ™

BION-2240

Bionix Lighted Flexloop 4mm ear curette with light source.

Kit contain:

- 50 x Curettes
- 1 x light source
- 1 x magnification lens

A popular cerumen removal tool used in many pratices. The disposable curette plugs into a LED light source which provides illumination along the length of the curette. Included is a removable magnifying lens which attaches to the neck of the light source.

Features:

- The lighted ear curette with magnification brilliantly illuminates the ear canal eliminating the practice of blind curettaging the sensitive area.
- Complete visualization shortens procedure time and increases efficacy
- Single-use curettes reduce the risk of cross-contamination.
