Bionix OtoClear® Ear
Irrigation System
(220V)

Ear Irrigation System
contains

Portable electronic ear irrigator
delivers pulsed irrigation

Tips provide three divergent
streams for safe ear irrigation

Soft, flexible
ear irrigation tips

SAFE

Features:

Bionix OtoClear® Ear Irrigation Tips & Systems help healthcare workers provide safe and comfortable ear irrigation without the backslash, at half the cost of a self-constructed device.

- ❖ **SAFE:** This ear irrigation kit utilizes flared ear irrigation tips that direct water towards the ear canal wall with three divergent streams, effectively irrigate without damaging the ear drum.
- ❖ **EFFICIENT DESIGN:** The portable ear irrigation system delivers a large volume than syringes & other manual devices.
- ❖ **NO BACKSLASH:** Our ear irrigation tips are designed to direct water in to the ear canal, without messy splashing. This cleanly and safely removes excess cerumen from the ear canal.
- ❖ **INCLUDED IN KIT:** OtoClear tips, portable ear irrigation unit and ear basin. (No oral attachments).
- ❖ **WHO WE SERVE:** Bionix provides quality healthcare products that are designed for all medical professionals, from Paediatrician to home healthcare specialists to help better the lives of patients in every developmental stage.
